Julie, I am about to propose final language for a more substantive response but I think we gave an interim response around mid to late August. Can you locate that letter and send to me so I can take a look before a finalize this next one?

Josh - this starts intergovernmental.

Let's get an acknowledgement letter I can send back to the agency directors. Then, figure out a path forward. What program appropriate consideration and whether HQ can assist.

I'm guessing we have dealt with pesticide contamination or product disposal at some point in time.

Let's see where we are by the end of the week.
